When to Seek Help

1. If you leave your doctors office and are unclear about what to do or have trouble explaining the visit to your family... We Can Help.
2. When your adult children are at odds over what is best for you... We Can Help.
3. When you have multiple doctors and want to be sure each one knows your health care changes, but it all gets so complicated... We Can Help.
4. If you are depending on your Trust Officer to "watch out for you". While they take expert care of your finances, they should not be the only resource you have... We Can Help.
5. If your children are worried about your safety and you are alone with no one to call in crises... We Can Help.
6. If taking your medications has become too complicated... We Can Help.
